Neil J. Pedersen, *Administrator*

September 2, 2010

Dear Community Member:

As you may know, the State Highway Administration's (SHA) Intercounty Connector (ICC) project includes a comprehensive package of Environmental Stewardship / Compensatory Mitigation / Community Stewardship (ES/CM/CS) activities as part of the project. The ICC Project Team is holding a public meeting for the following ES/CM/CS projects, which are proposed near or within your community.

- PB-119: Upper Paint Branch stream restoration, located at Good Hope;
- PB-109: Upper Paint Branch stream restoration, located at Good Hope Right Tributary;
- PB-12A & B: Upper Paint Branch stream restoration, located at Hollywood Branch.

The previously scheduled Wednesday, September 8 meeting has been cancelled and re-scheduled from 7:00 p.m. to 9:00 p.m. on Tuesday, September 21, 2010, at William Tyler Page Elementary School (All Purpose Room), located at 13400 Tamarack Road, Silver Spring, Maryland. This meeting will provide interested citizens with details about the proposed projects listed above. There will be no formal presentations at this meeting. Members of the project team will be present to answer any questions. It is important for you to attend so that we can provide you with further information on how these projects may affect your property and/or community.

The SHA hopes that you will be able to attend this meeting to learn more about the proposed environmental projects. If we may be of further assistance, please do not hesitate to contact Mr. John Sales, Environmental Projects Community Liaison, Office of the ICC, toll-free at 866-462-0020 or via email at jsales@iccproject.com.

Sincerely,

A handwritten signature in black ink that reads 'Melinda B. Peters'.

Melinda B. Peters
Director
Office of the ICC
